ATHLETICS

As the Game Wears on, Tension Mounts

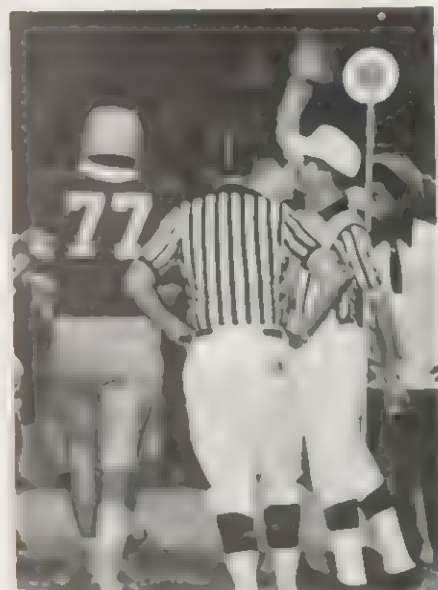

Broughton's '72 season was one of disappointment as just eight points in the right places would have meant a 9-1 record instead of the lack-luster 4-4-2 season. Broughton started out like state champions defeating Greensboro Grimsley and Millbrook convincingly. The next game with Enloe seemed to bring a jinx with its first of three 11-12 losses. Numerous times at the end of the game the Caps would come charging back, but always seemed to fall just short of scoring the winning points. Broughton did come back against Terry Sanford with a 6-6 tie and Greensboro Dudley with an 8-8 tie and soundly won over Durham Senior with a 27-0 score.

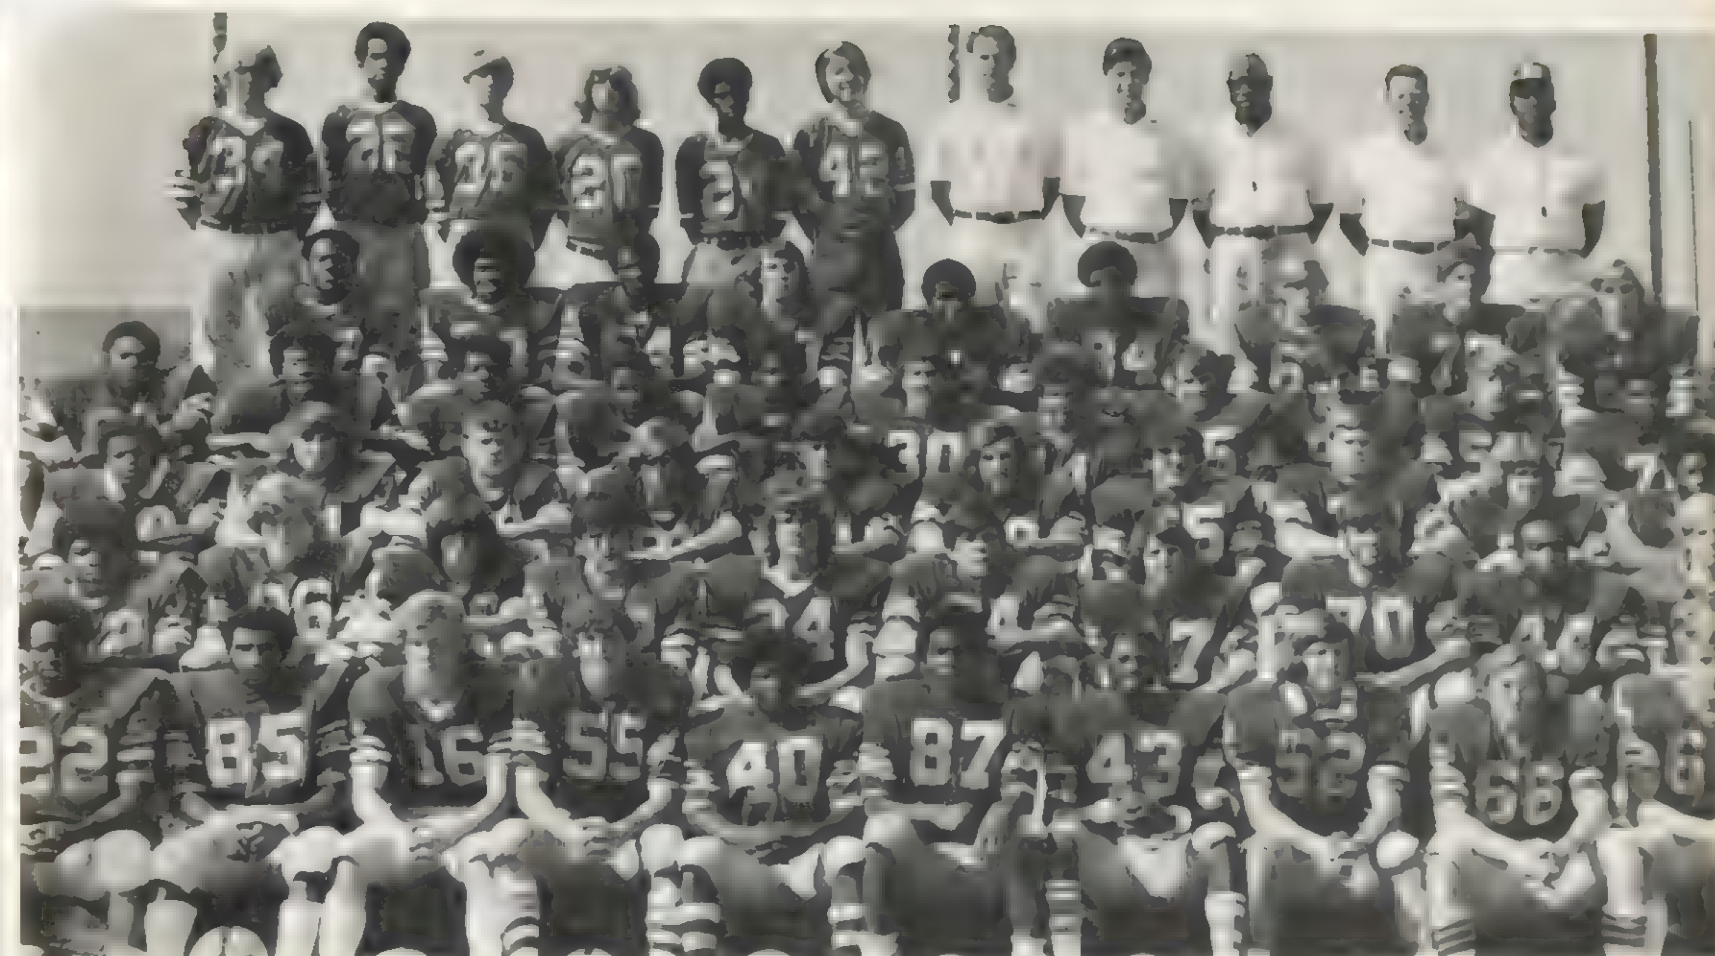

Faces in the crowd, on the bench, in the cheering section, reveal the mounting tension present in five out of ten games this season's Caps either tied or lost by one point.

Greensboro Grimsley	14-3
Millbrook	13-0
Enloe	11-12
Rocky Mount	9-27
Durham Hillside	11-12
Wilson Fike	11-12
Sanderson	6-0
Ferry Sanford	6-0
Greensboro Dudley	8-8
Durham Senior	27-0

4-4-2 Season Disappointing

Caps Bring '73 Season to an Exciting Close

athletics

Victory, always sweet, is even sweeter when it comes after so many near wins and against Conference Champions.

Junior Varsity Caps Win City Championship!

1st Row: T. Garner, H. Parrot, W. Betts, P. Gorham, B. Weaver, D. Morgan, T. Layton. 2nd Row: B. Brown, B. Kennedy, C. Gombatz, K. Clarkson, J. Keeton, M. Barivault, D. Wilson. 3rd Row: L. Williams, C. Martin, M. Cruthfield, R. Perry, L. Horton, E. Williams, K. Ihnen. 4th Row: G. Holdin, H. Clarkson, R. Johnson, J. Woodruff, E. Dempsey, M. Morgan, B. Vogedes. 5th Row: E. High, L. Smith, S. Jenkins, J. Farrow, D. Little, D. Vickers, Trainer; Coach Caldwell. 6th Row: M. Cochran, Manager; Coach Hill.

The Broughton Junior Varsity football team won the city championship this year with a fine 6-1 record. The junior varsity displayed a tough defense giving up only 3.7 points per game while a potent offensive was racking up an average of 21 points per game. They relied mainly on their running game for its offensive punch with quarterback Bill Vogedes handing off to L.T. Williams and Kenneth Clarkson. For a junior varsity team the Caps have very good size especially in the line and should produce some fine prospects for next year's varsity football team.

Callis Sets New

Cross Country Record

Broughton's Cross Country team finished the season with a record of three wins and four losses. Reed Callis had a very good year finishing fifth in the Eastern Sectionals and seventeenth in the State Meet.

1972 Cross Country Team: 1st. Row: R. Yancey, B. Minton, C. Gross, B. Whatley, 2nd. Row: E. Hanson, L. Devaun, R. Callis, A. Davis, Coach Mclean.

Soccer Offers New Choice to Broughton's Sports Enthusiasts

athletics

During its first season as a varsity sport, soccer has become Broughton's newest and most understood sport.

Soccer is an exciting, fast moving game that takes much skill, agility and great endurance. The object of the game is to get the ball past the goalie and into the net. None of the 11 man team, except the goalie, may use their hands during the game. The players move the ball by kicking it, blocking it with their bodies and bouncing it from their heads.

In spite of a disappointing season, Jimmy Britt and Tim Boone emerged as outstanding defense players. Captain John Meares was leading goal scorer.

1st Row: Mr. Vaughan, Coach; R. Ervin, J. Meares, R. Summers, W. Barrow, L. Rozakis, L. Carpenter, G. Della, W. Hilliard, Asst. Coach.
2nd Row: J. Britt, F. King, J. Britt, M. Jones, R. Romanek, F. Boyd, D. Cunningham.
3rd Row: T. Schlichting, H. Helms, F. Laney, R. Laney, R. Norwington, T. Boone.

Buies Creek	0-4		

Broughton CAPS are Number Three in Conference

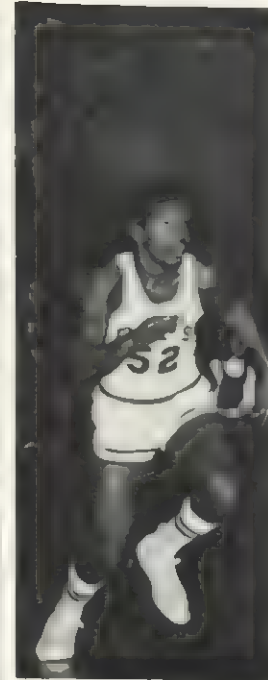

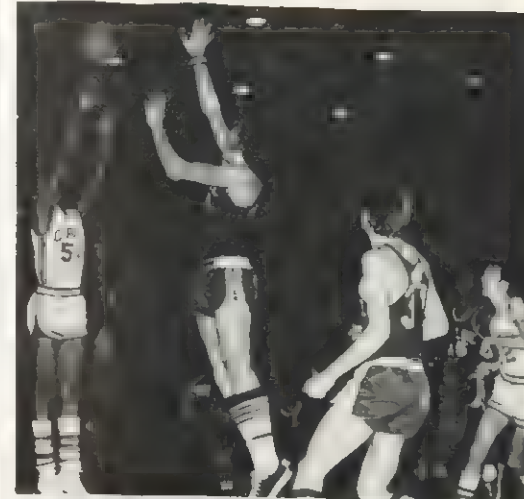

Although the varsity basketball team finished with an unspectacular 8-15 record, head coach Ed McLean was fairly well pleased with the season as a whole. The Caps were picked to finish 5th in what is a very tough basketball conference and wound up in the number three spot at the end of the season. Coach McLean felt the players played up to their potential and never let up during the long season. Improvements have to be made in the rebounding, ball handling, and leadership departments for a successful season next year. Coach McLean feels that with Bob Bishir, Wes Minton, Don Whitaker, Doug Fulford, and Craig Gay forming the nucleus of next year's team the Caps should be the preseason favorite to win the conference championship. He also speaks highly of John Greene whom he feels is a future college prospect.

Junior Varsity Promises Fine Talent for 1974 Varsity Team

Coach Mac Caldwell said the J.V. basketball team had a fine season but felt the players did not play up to their potential. Caldwell believed the Caps needed better team play but came away with a 13-7 season. This year's J.V. team should supply some fine talent for next years varsity in Daryll Batey, Harvey Heartley, Ervin Rodgers, and Rod Perry.

Golfers Place First and Second in State Tournament

athletics

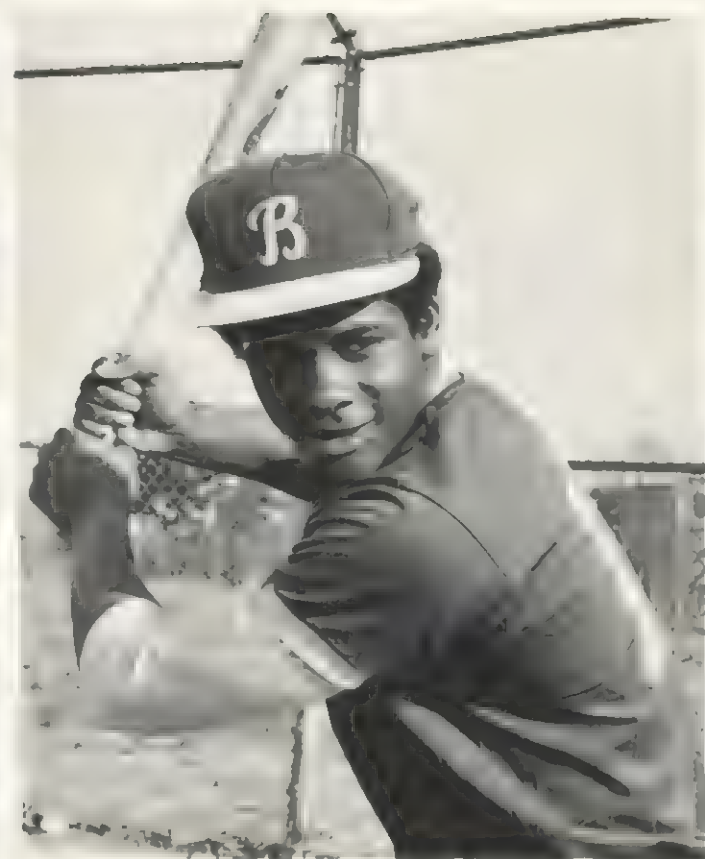

From Left to Right: Wes Minton, Scott Hoch, Josh Dillon, Tommie Reynolds

Under the able guidance of Coach Larry Williams, the 1971-72 Broughton Golf Team had a very successful year. Having no scheduled matches the team was chosen at try outs at Cheviot Hills one week prior to the Sectional Tournament. Broughton's team won this tournament, which was held at Duke golf Course in Durham, N.C. The individual scores were: Scott Hoch—74; Wes Minton—76; Tom Reynolds—77; Kenny Chester—77; Josh Dillon—78.

The top four qualifiers proceeded to the State High School tournament held at Finley Golf Course in Chapel Hill. Because of inclement weather, the competition was limited to a one day affair. Again Broughton team triumphed, winning the overall championship with a 288 even-par total, but this didn't satisfy two individuals. Sophomores Tom Reynolds and Wes Minton garnered the 1st and 2nd place individual titles with scores of 68 and 70, respectively. With records like these, who knows what to expect from these golfers in the future

Baseball Team Looks Strong in Division

athletics

A division championship looks promising in baseball this year. The Caps have a talented pitching staff along with good strength and depth in the field. Broughton has several returning starters who should help season the young team

Row 1: P. Cooper, H. Clarkson, J. Coley, R. Starritt, F. Boyd, E. Murray, R. Saleeby, M. Powell, D. Parnell. Row 2: R. Robbins, M. Dickerson, B. Pearce, R. Temple, M. Faulkner, J. Powell, C. Davis. Row 3: D. Vickers, Manager; F. Austin, Manager; H. Fort; L. Paul; R. Saleeby; V. Vanderford; B. Boyd; C. Wilder; Jim Brown, Coach

CONFERENCE CHAMPIONSHIP IN TRACK LOOKS PROMISING

The 1973 track team should capture the conference championship this year and definitely be a strong contender for the State Championship also. The Caps have an over-all strong team with their main strength lying in the field events. They have a lot of depth in the hurdles and sprints also. Broughton has state championship contenders in Bob Medlin, the shot put, David Robinson, the pole vault, Chris Osborne, the long jump, and Reid Callis, the mile. Broughton should bring home the Division Championship and with a little extra inspiration, could win the State Championship as well.

Row 1: J. Crouch, D. Leveridge, D. Sanders, D. Wilson, V. Ingram, R. Summers, B. Watson, T. Layton, S. Dolan. Row 2: R. Yancey, R. Wilson, B. Vogedes, C. Lee, C. Osborne, R. Callis, J. Gorham, B. Kennedy. Row 3: E. High, J. Brown, E. Moore, D. Dehnham, N. Simmons, A. Davis, T. Perry, E. Hansom, J. Woodruff. Row 4: Coach Thomas, B. Brown, K. Ihnen, B. Patterson, C. Handy, J. Caldwell, B. Medlin, M. Morgan, S. Blalock, Manager R. Campbell, Coach McLean.

Row 1: J. Brown, P. Lantry, J. Gallagher. Row 2: L. Procter, J. MacInturff, D. Lannon, B. Lewis, Catherine Bowen and Morgan. Row 3: R. Gallagher, P. Jones, K. Green, A. Peterson.

GYMNASTICS TEAM BROADENS INTERSCHOLASTIC COMPETITION FOR GIRLS

A new gymnastics team provides girls more highly skilled chances for competition with girls from other schools. It also provides the girls with an opportunity to learn more in a certain field of gymnastics. The events are the uneven parallel bars, floor exercising, vaulting, the balance beam and the trampoline. The gymnastics team will be competing in three meets, all against Sanderson and Enloe. This is one of the first interscholastic competitions for girls and there is full participation and enthusiasm.

Students Enjoy Intramurals

Intramurals provide young men not able to compete on the varsity level a chance to form teams and compete against each other in various sports. Included in intramurals this year were football, basketball, softball and co-ed volleyball. Intramurals give these men a chance to have fellowship as well as an opportunity to improve their skills in these various sports. They were a great success this year and drew full participation. Next year should be no different.

Archery to Become New Spring Sport

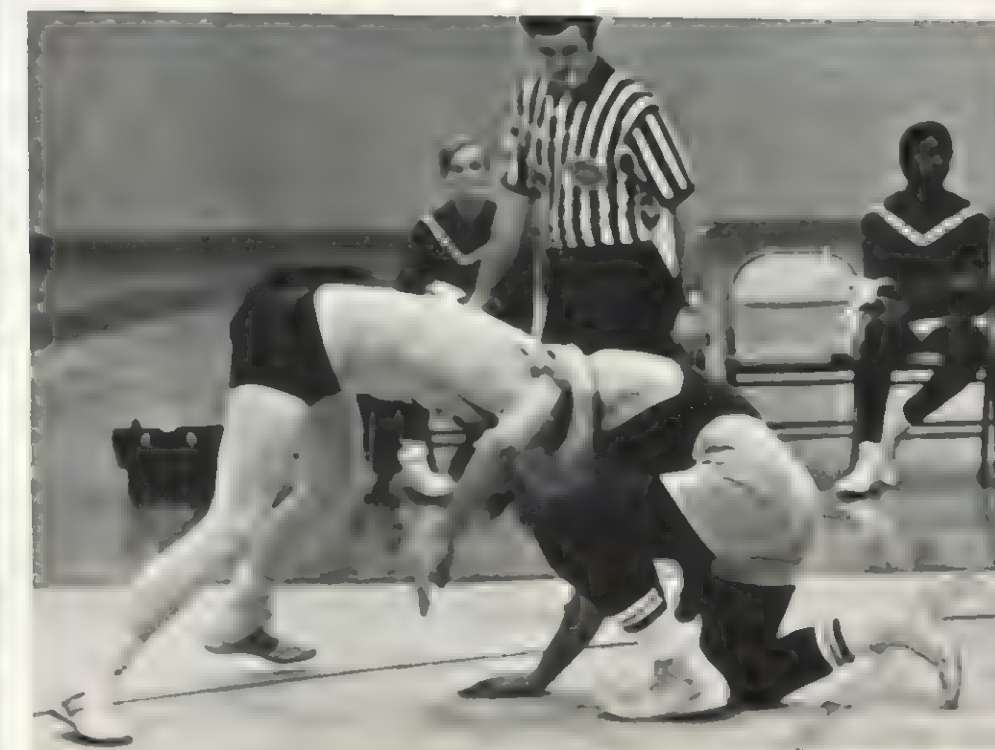

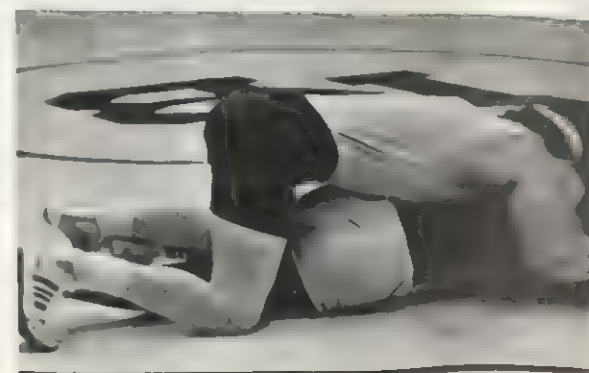

Girls intramurals are relatively new this year. They stimulate interest among girls in physical education, as well as provide girls with an opportunity to come together and have a good time. Included in girls intramurals this year were volleyball, archery and co-ed volleyball, with clinics held in basketball and gymnastics. This year's girls intramurals drew enthusiastic participation with next year looking even better with the possible addition of track and field.

The Broughton wrestling team finished 3rd in the conference this year. Barry Bey, Tommie Haith, and Jimmy Jones won division III 4-A championships in their respective weight classes. The high light of the season was the winning of the WRAL Invitational wrestling trophy. Seven teams from Wake County participated with the finals being shown on WRAL television. Barry Bey, Jimmy Jones, Greg Harris, and Rusty Yancey won championships in this tournament.

Homecoming Out— Spirit Day In

This year brought an interesting change in a long standing Broughton tradition. The senior class replaced the usual homecoming activities with a spirit day. On October 6, displays by various organizations were viewed in the gym while Broughton cheerleaders serenaded the crowd from the floor below. Throughout the day rain threatened to dampen everyone's spirit and spoil afternoon and evening activities. A football game followed that night with the Caps losing to Wilson Fike by one point. Half-time entertainment was provided by the marching band and the floats constructed by each class. The day ended with mixed feelings of disappointment and enthusiasm.

Queen of Hearts Assembly and Dance

Use Wizard of Oz Theme

activities

Script writer Tempe Smith relaxes after final rehearsal. From selection of mascots to assembling the last mike, preparation has been long and hard. The strain shows in the droop of shoulders, the clowning of technical crewmen, and the final meticulous placing of a chair while heartwarming smiles of mascots in rehearsal and Ann Thompson as she completes the decorations give promise of joy to come.

The big day arrives. Girls bustle about in hair curlers and struggle with inadequate dressing conditions in their haste to look their best only to find themselves endlessly waiting. Entertainers get in

a few extra moments of practicing. Tension mounts as the opening processional draws nearer. The Queen, through the aid of her attendant, takes a last look.

The assembly audience receives a warm welcome from Dorothy. The Lion, The Tin Man, and The Straw Man. Gasps of awe are heard as the court enters. The Em Cee honors the court and announces a variety of entertainment. Joy has come to all Broughton students.

CURRICULUM

Dramatic Interpretation, Painting and and Art Departments

Pantomime, skits, costuming, stage direction and lighting are studied in drama classes. Students are then given the opportunity of pursuing their study in actual production like this year's *My Sister Eileen*.

The art department introduces students to a wide variety of media and techniques for art expression. The principles of design and composition are taught and emphasized through art problems and projects.

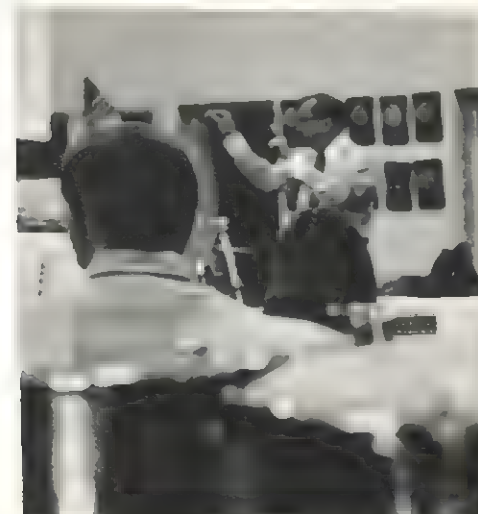

Pottery Highlight Broughton's Drama

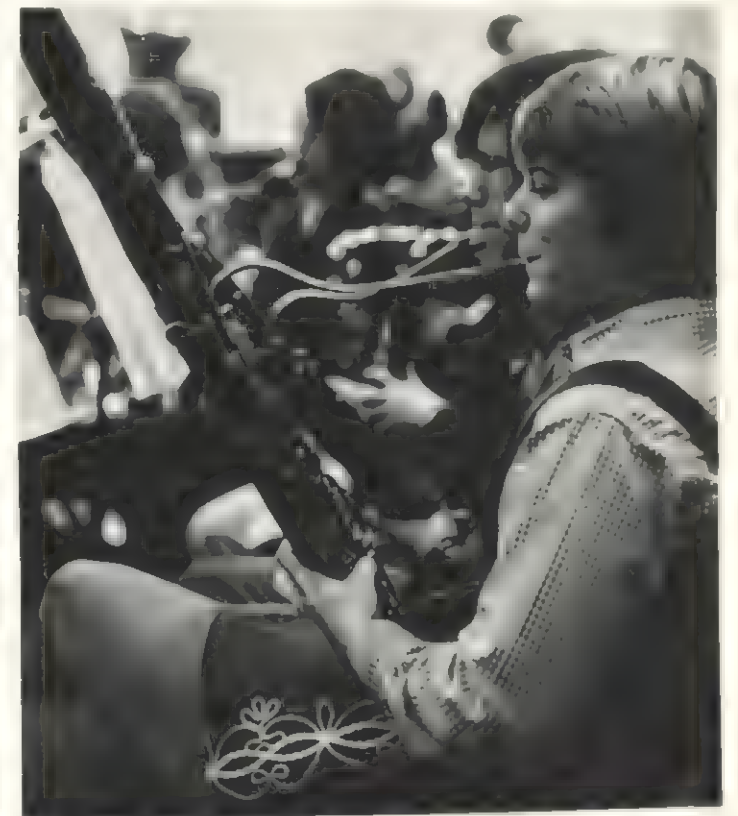

Enjoyment and Involvement Are the Key Notes in Music

curriculum

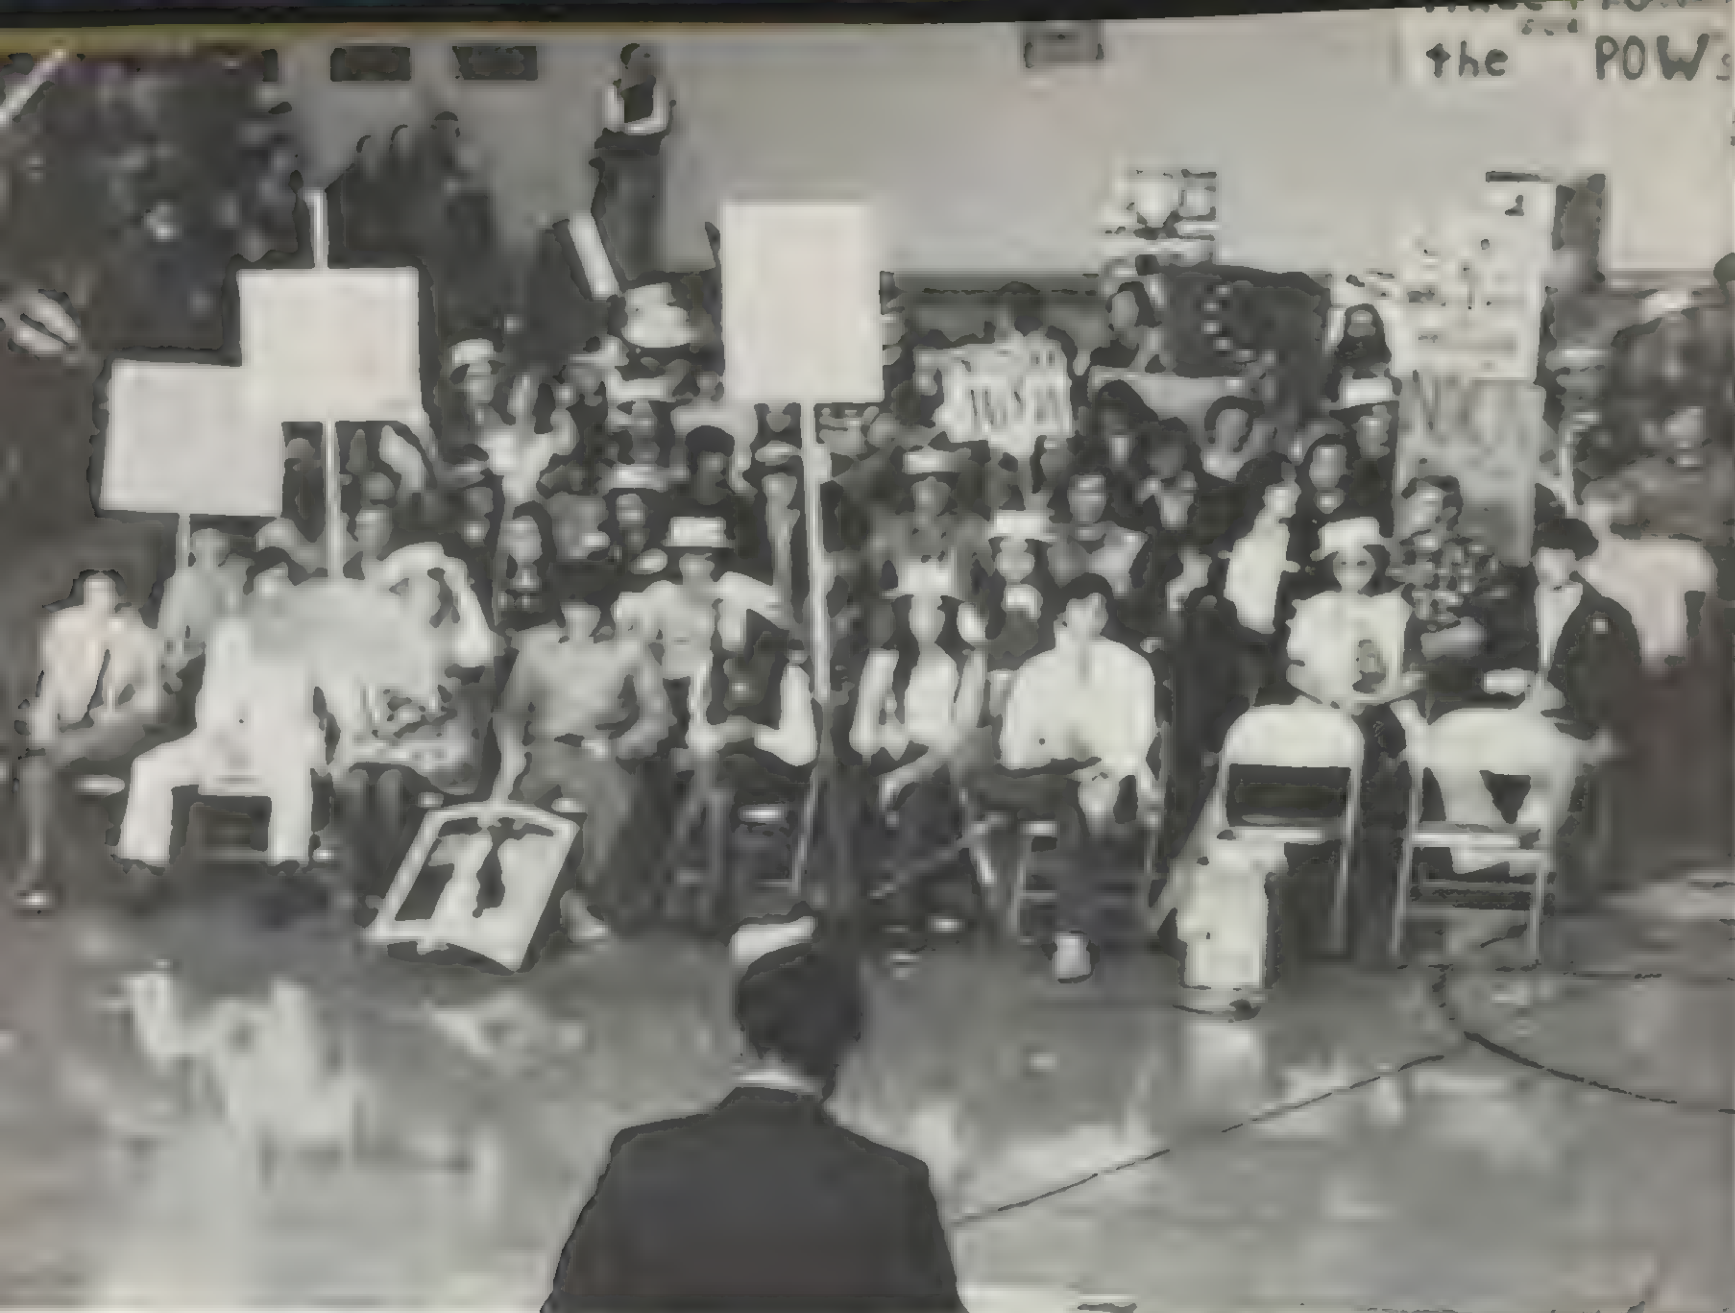

Broughton's fine music department is headed by three excellent teachers and musicians. Mr. Richard Southwick is the director of the Symphonic Band and the Symphonic Orchestra. In addition to this demanding schedule he teaches a harmony and music theory class and directs an interest varsity band. Mrs. Judith Freeman is the choral music director. She directs the Choral Ensemble. The Girls Ensemble and the Advanced Mixed Chorus. The choral ensemble is the main performing group at Broughton and this year has sung for school assemblies, various organizations, and churches in addition to giving a fall concert. Mr. Fred Ferguson is the director of our marching band. After practicing almost all through August, the Marching Band turned in fine performances at the Caps' football games. Later in the year they gave a concert at the State Fair and marched in the Christmas Parade.

Gymnastics and Trampolines Offer a New Twist to Physical Exercises

The Physical Education Department has undergone a great deal of change in the past two years. Individual sports for boys and girls such as golf, tennis, badminton and archery have been added for people interested in recreation that will last a lifetime. Tumbling and trampoline offer a new twist to physical exercise while the more traditional team sports of football, basketball, softball, and soccer are still offered for those so inclined. The parallel bars and the balance beam have been introduced in the girls department with fewer lost bones than expected, but maybe a few lost pounds, eh girls?

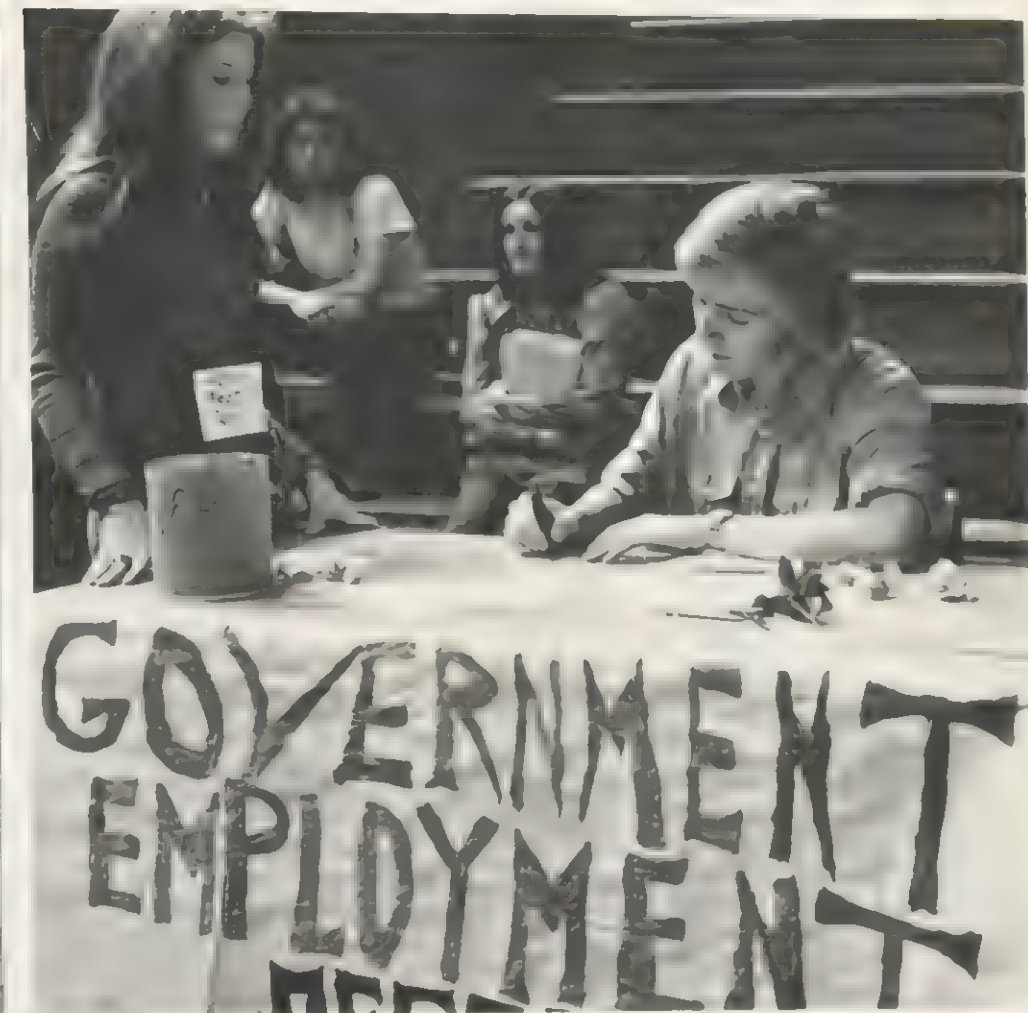

the POWs

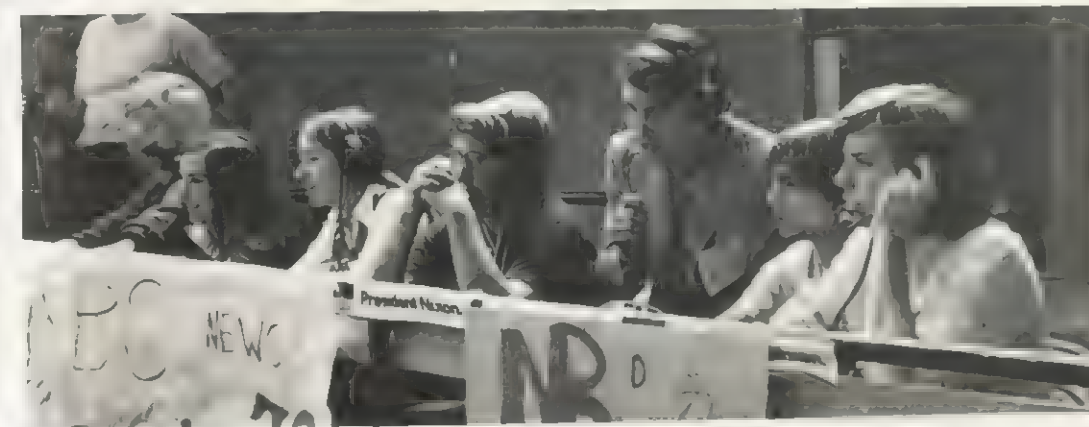

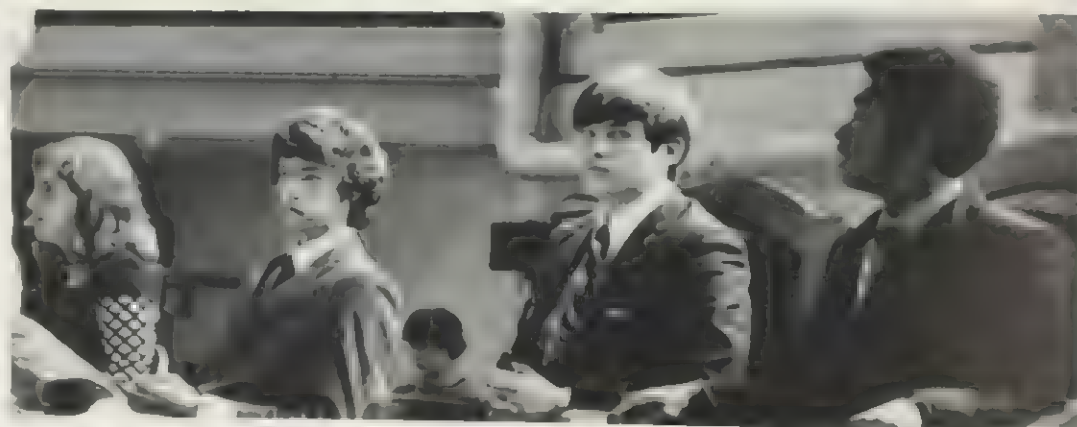

History Department *curriculum* Sponsors Mock Election

Much of the enthusiasm and clashing opinions that characterized the '72 Presidential campaign could be found in Broughton's Mock Election Assembly on November 6. Students representing the Republican, Democratic, and American Parties gave dynamic speeches urging the audience to support their candidates. Heckling squads, seated on the gym floor, contributed a realistic atmosphere to the assembly by expressing their noisy disapproval or thunderous applause. Ballots were cast the following day by registered students for the presidential candidates of their choice as well as for candidates in several state-wide elections.

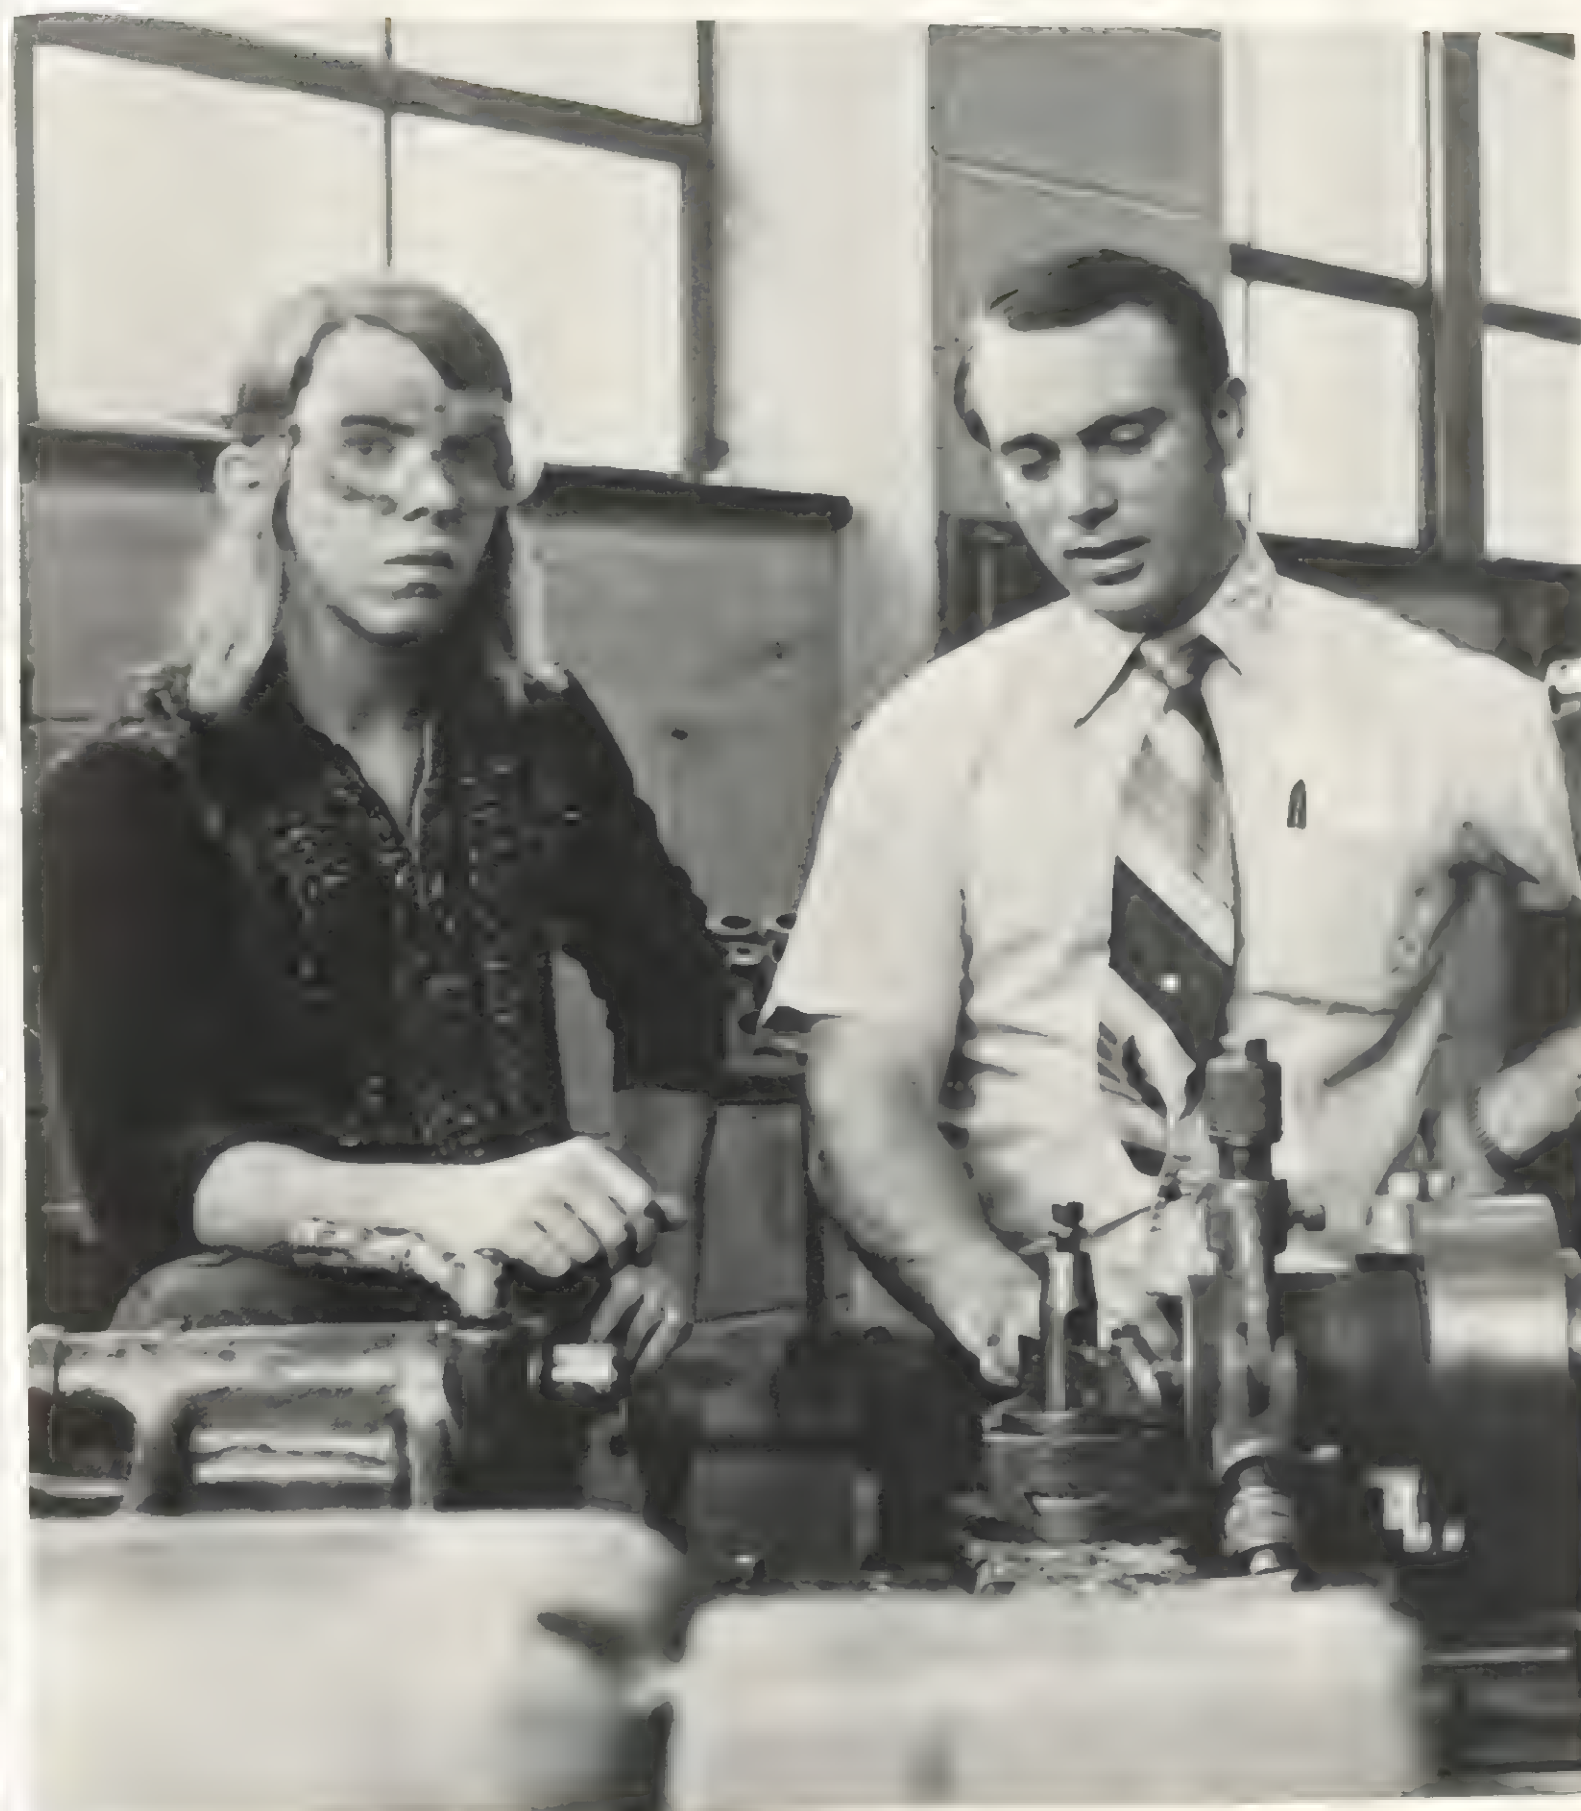

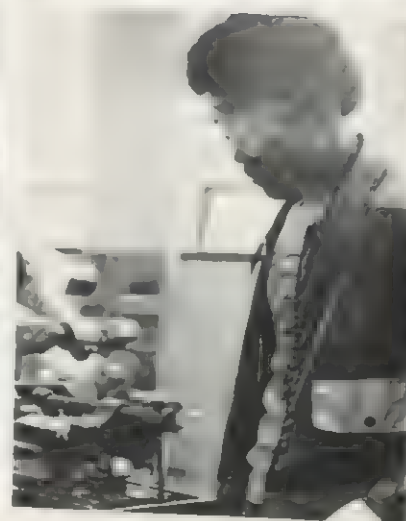

This event is characteristic of the history department's attempt to make its program relevant to contemporary society. Throughout the year semester courses such as Urban Problems, Foreign Relations and the American Political Process contribute to this aim.

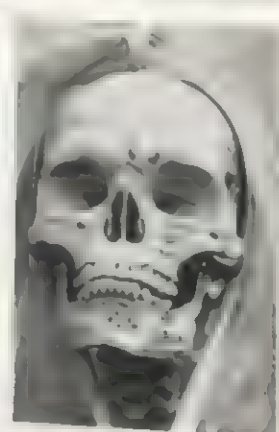

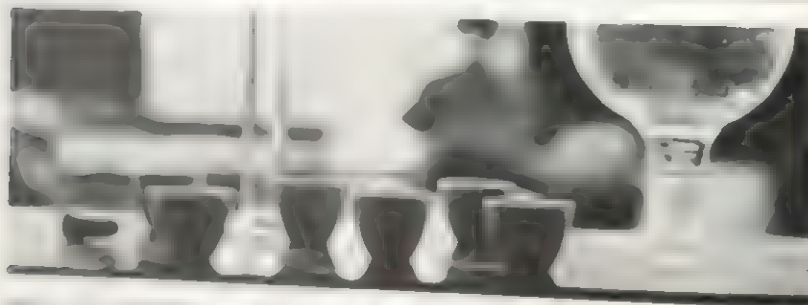

Data Processing, Bricklaying and Plumbing offer Diversity to Vocation-Minded Students

The vocational department offers a variety of courses ranging from data processing to on-the-job training for office occupations. In Data Processing the student is familiarized with a variety of machines related to data processing. Upon completion of the course, he may train for computer work. Industrial Cooperative Training is a cooperation of school and businesses of the community to provide on-the-job training for the student so that he will be employable upon his high school graduation. Technical Drafting is a three-course sequence finally leading to a special skill for the student. Cooperative Distributive Education is a two-course sequence designed to give the student on-the-job training in areas of wholesale and retail service. Cooperative Office Occupation is designed to give a student interested in business an appropriate background. Bricklaying, plumbing, and machine shop are classes in which each student devotes three periods a day to gaining a working knowledge of the trade.

Dissecting Pigs and Force-Feeding Hibernating Frogs Enliven Science Classes

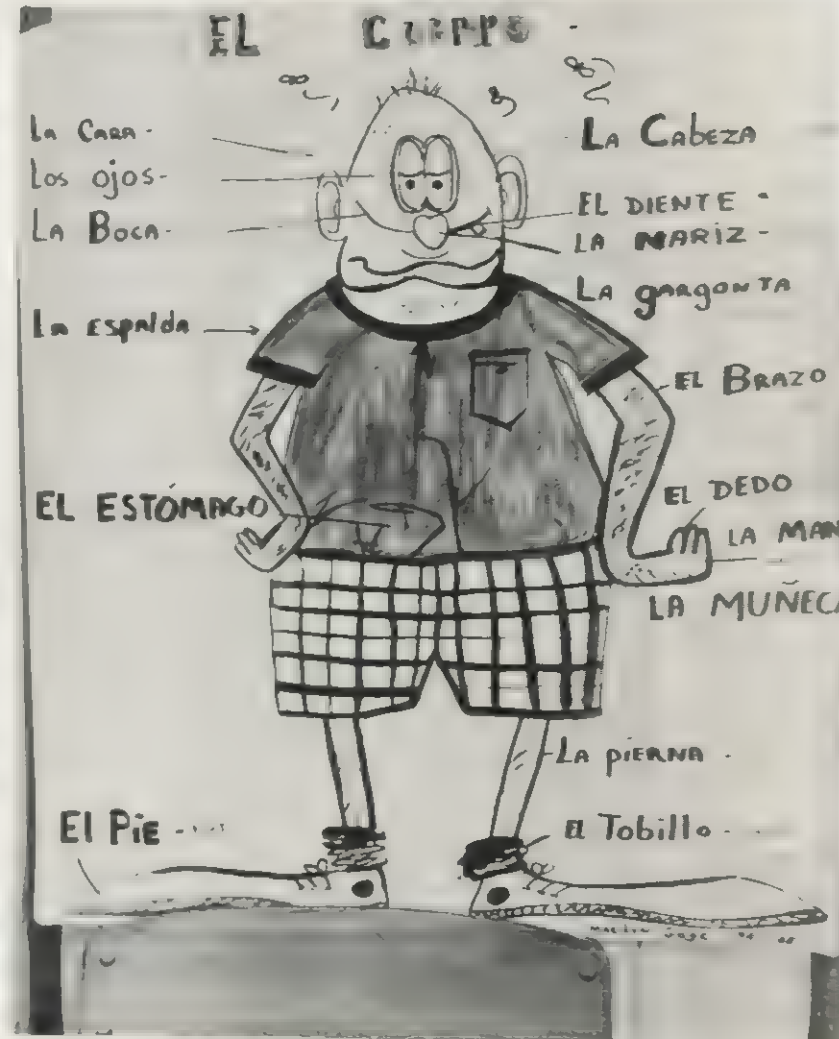

This year at Broughton students were offered five different science courses. Biology, the study of plants and animals, is primarily for sophomores. Chemistry, the study of compositions and what things are made of, is beneficial in modern day living. Physics covers the study of energy and the changes energy produces in matter without changing the composition. Physical Science shows how physics and chemistry can be used in everyday living. Anatomy and physiology studies the human body and the functions of each organ with special emphasis on genetics and embryology.

Monthly Activities and More Individualized Experience in Foreign Languages.

Instruction Create a Cultural

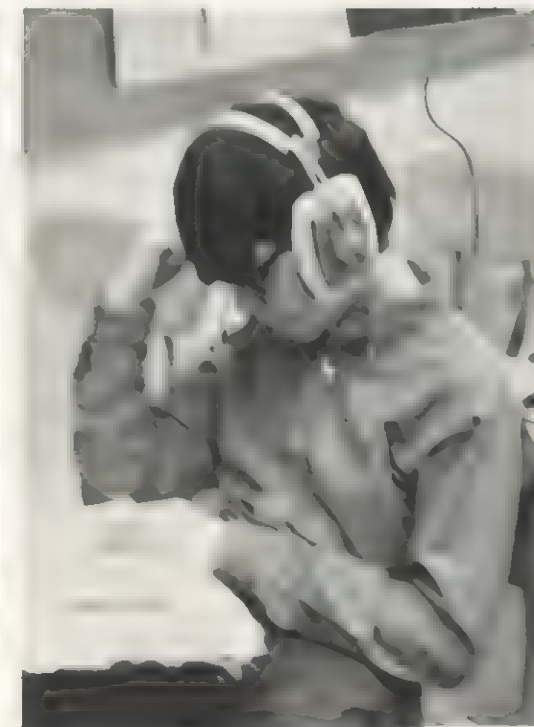

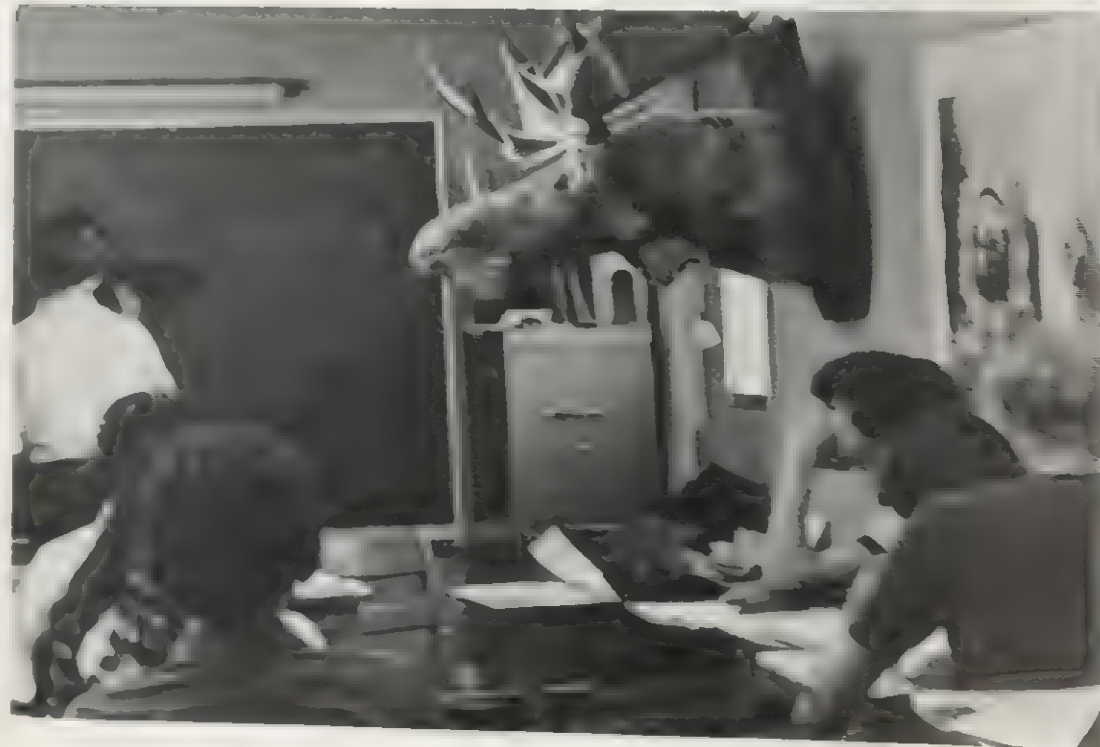

curriculum

This year at Broughton there are ten courses offered in the foreign language department. A student may take a four year course in French, Latin, German or Spanish.

There have been a few interesting changes from the usual classroom activity. More individualized instruction is stressed. Students who have traveled to foreign countries tell about their experiences. New textbooks are used in first and second year classes. A native Frenchman, Nichole Boutitie, enhances Mrs. Khady's French classes.

The French and Spanish Clubs have been organized differently. In the past, the clubs have had individual programs in their class rooms. This year there is a special program once a month. During the meeting everyone has to speak the proper language. Natives come and talk to the students about culture and other interesting aspects about the country they are studying.

Broughton Hosts Library Convention

curriculum

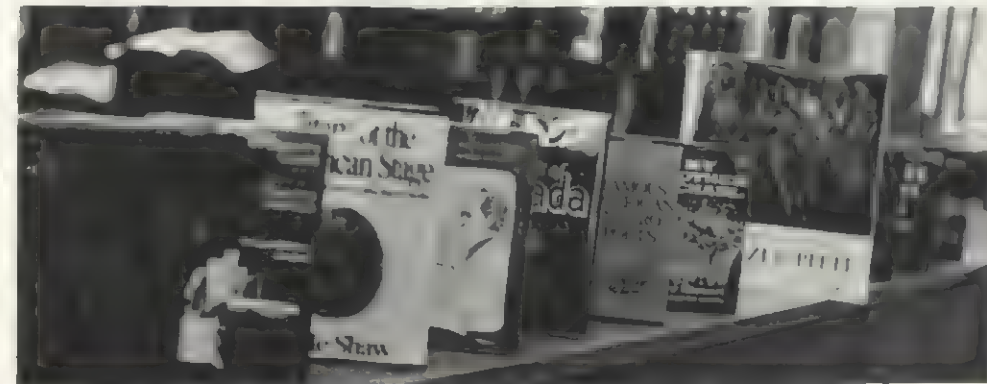

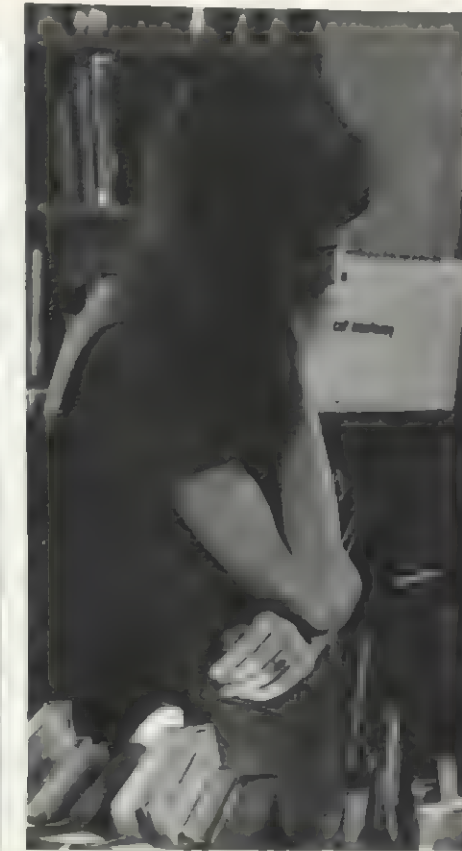

"I love to read, so helping in the library is fun!"
 "I like doing it, but I hate doing periodicals."

"I enjoy working in the library, and it needs all the help it can get!"

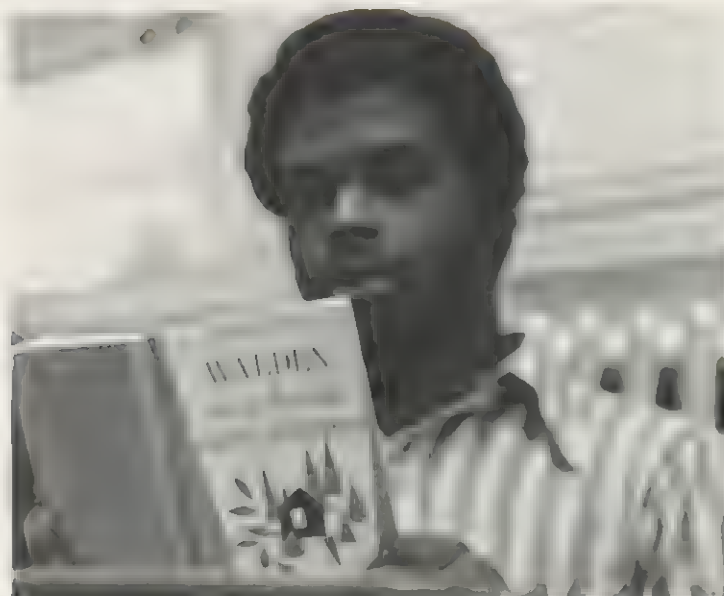

"The physical facilities limit the library programs."

Thoughts of Broughton's library are both good and bad. This past year many new books were added to the library. There is also a new reference room for the students to use in doing research work. Mrs. Wolfe and Mrs. Hackenburg do their best to keep our library running smoothly.

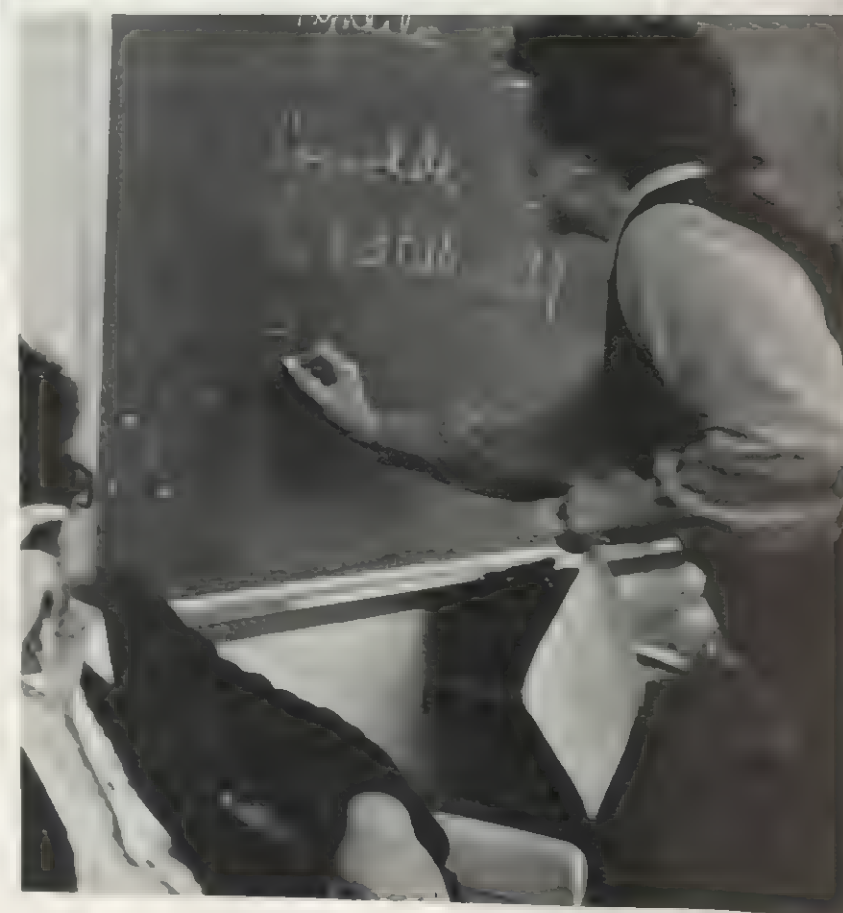

Assistants not only work in the library but also help in distributing and taking care of the audio-visual equipment. This year, along with new projects, improvements have been made by allowing teachers to order films from the public libraries.

English Department Offers A Variety of Interest Courses

Broughton's English department has something for everyone in the school. Besides the regular sophomore, junior and senior English classes, World Literature, Creative Writing, Journalism, Business English and studies in oral English are offered. Mrs. Peacock's senior English class of independent learners continually explores new fields of literature, writing, drama and philosophy. Her industrious second period class has presented several plays adapted from selections read in class.

Math Department Adjusts to Meet Student Needs

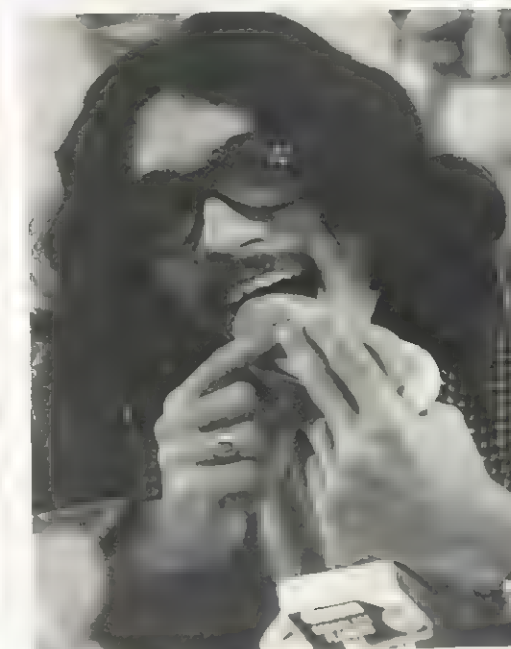

There are eight different courses in sixty-three sections of math. They range from consumer math for those terminating their education at graduation to a record two sections of analytical geometry and calculus. Of the sixty-three sections, twenty-nine are geometry. The reason for this is the change by Raleigh City Schools to teaching geometry after one year of algebra rather than after two years of algebra. There are no computer courses in cooperation with second year algebra, but this will be resumed next year.

Office Assistants Provide Invaluable Help

curriculum

Aside from the main curriculum, various students receive one half unit credit for serving as office or teacher assistants during their study hall time. Most other students are assigned at least two hours of study hall a week. Each student has fifty minutes each day designated as lunch: for eating, playing cards, catching up on lost sleep or sometimes studying.

WE'D LIKE TO PUT IN OUR TWO CENTS ABOUT ENVIRONMENT. Today, everyone is concerned with environment. We are, too, but our concern is nothing new.

We've been working on the problem since the 40's when we began installing dust collectors and building cooling lakes at our generating plants to protect air and water quality.

As the problem has grown, so has our concern. For example, over the next six years we are committing \$25 million toward equipping our new plants with the best pollution control devices.

In addition, we have earmarked another million dollars for engineering studies aimed at making our existing plants more compatible with environmental concerns.

Solving the problems of environment is a constant challenge.

We don't have all the answers yet, but we're

working on them.

We are.

LEARN TO LIVE AT . . .
ST. MARY'S JUNIOR COLLEGE

the school that continues to provide young women with a dynamic experience in education and in living. St. Mary's combines excellence of instruction with life in a community that is built on deep-rooted spiritual values and personal association. For nearly 130 years, this school has enjoyed an unparalleled reputation in the southeast as well as nationally. Offering the last two years of high school and the first two years of college, St. Mary's awards the high school diploma and the associate in arts degree in the college.
